

Surry County Beekeepers Association
September 14, 2015
Meeting Minutes

Surry County hosted the fall NCSU webinar presented by Dr. David Tarpy on research done related to "Feral and Managed Bees in Rural and Urban Habitats." Note: Dr. Tarpy reported that this was one of the best attended webinars with over 400 people attending from around North Carolina and other states. The webinar was the first order of business with the business meeting immediately following a short break.

The meeting was called to order at 8:35 by President Albert Cockerham. 16 people were in attendance for the meeting.

Albert reported that Celebrating Agriculture had a pretty good turnout. The next fair that we generally support is the Horn Creek Corn Shucking Frolic on October 17th. Volunteers are needed.

It's time to start thinking about new officers for 2016 and this will be a topic of discussion at the next meeting on October 12th. Everyone should think about how they might participate next year.

The minutes from the August meeting were read by Secretary Amy Moyle.

There was no treasurer report available.

Refreshments were provided by Blue Ridge Bee Supply.

The meeting was adjourned at 8:58 pm.

Respectfully submitted,
Amy Moyle, Secretary
